

Concerns About My Autoimmune Disease

I am depressed. Can you recommend a support group?

Is this disease contagious?

Should I tell my family about my autoimmune disease?

What are the symptoms of my particular autoimmune disease?

Does the environment have an effect on my autoimmune disease?

Is there a clinical trial that I can enroll in to help fight my autoimmune disease?

Should I change my diet?

What can I can do to feel better?

What is the next step for long term treatment?

Consider wearing a medical ID bracelet or carry a Medi-alert card in your wallet.
