

Questions to ask my doctor about Autoimmune Disease

Are all autoimmune diseases treated the same?

Can I overcome my autoimmune disease?

Is there a pamphlet or handout I can read to better understand my autoimmune disease?

What are the statistics of me overcoming this disease?

Which over the counter medications I can take for this disease?

Should I be concerned about allergic reactions to my medications?

What other treatments are available for this disease?

Is there an organization I can join that can help me cope with my disease?

Consider wearing a medical ID bracelet or carry a Medi-alert card in your wallet.
